

SIT TECH FRENZY

Problem Statement : AI Based Course Recommendation System

Team Name : TechXeno

Theme Name : Smart Education

Smart Education

AI Empowered Education
platform for the modern
generation

eduxenius

Powered By AI

"The Next Gen Education Platform"

eduXenious

~~Just any ordinary E-Education Platform~~

Extra ORdinary Education Platform

eduXenious

Highlights

Multilingual Education Modes

Guranteed Projects

Real Time Mentorship

AI Based Course Recommendation System

Framework

HTML / CSS / JS

Django

Python (Dataframes)

Mobile App Development

Cloud Deployment

eduXenious

Use Cases

**Students, Professionals, Enthusiasts, and
Anyone who is eager to learn**

**Get Courses Recommended for you
exclusively by AI**

Challenges

- > **Collection of massive data in form of courses**
- > **Segregation of user account details**
- > **Search Keywords integration with module**

Team Member Details

Team Leader : Sweta Kumari

B.Tech – Computer Science Engineering – 2nd Year

Team Member 1 : Nitish Kumar Singh

B.Tech – Computer Science Engineering (AIML) – 2nd Year

Team Member 2 : Priyankar Nandi

B.Tech – Computer Science Engineering (AIML) – 2nd Year

Team Member 3 : Aayush Roy

B.Tech – Information Technology – 2nd Year
